THE ALL-TERRAIN SOLUTION FOR ANY COURSE

THE ULTIMATE GOLF EXPERIENCE

Our advanced **DHC technology** automatically **regulates caddy speed** on slopes, giving golfers **complete hands-free control**, no matter the course terrain.

COURSE NOT HILLY?

Slopes are part of **every course**. That's why Motocaddy DHC models feature a powerful **electronic parking brake** to hold the caddy securely in place on **uphill and downhill lies**, leaving you free to focus 100% on your shot.

EASY AS 1, 2, 3

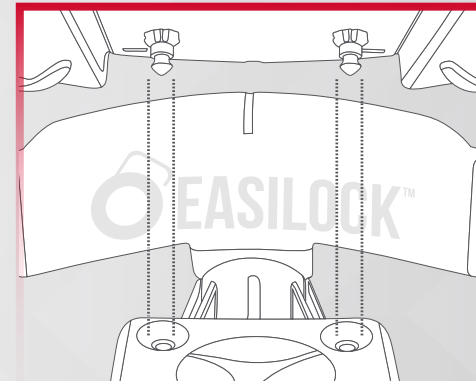

Available on Motocaddy caddies and bags, the exclusive EASILOCK® system locks the bag on to the caddy and removes the need for a lower bag support strap.

Two holes on the caddy's lower bag support align with two removable pins on the base of the bag; ensuring golfers can secure their bag easier and quicker than ever before.

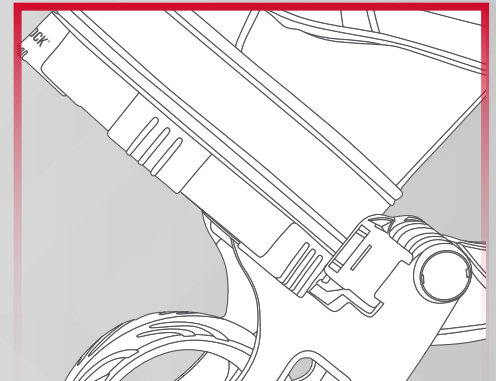

1

Insert pins into the bag base

2

Place the bag onto the caddy

3

Hit the course in record time!
